CASHIER BALDWIN'S BROTHER ARNK
CHARGED WITH CONSPIRING WITH THE CASHIER

-A SUIT AGAINST THE DIRECTORS.

Theodore F. Baldwin, the paying toller of the Newark Mechanics' Bank, and half brother to Oscar Baldwin, the defaulting cashier, was arrested at noon yesterday on a charge made by United States District-Attorney Keasbey, for making false entries in the books of the bank and for aiding and abetting the cashier and conspiring with him to misapply the funds of the bank. The accused man was taken before United States Commissioner Whitehead, who had issued the warrant, and bank was fixed at \$50,000. Baldwin endeavored all the afternoon to procure bondsmen, and being unsuccessful was allowed to go to his home in the custody of United States Marsaal Burtt, to appear again before the Commissioner to-day. The charge against Theodore F. Baldwin is made upon the affidavit of Isaae M. Lewis, of Paterson, the expert employed by the receiver to examine the books and vouchers of the bank. The affidavit says that Lewis in his examination found between July 12, 1880, and July 19, 1880, charges sgainst the Mechanics' Bank of New-York for currency sent to that bank amounting to \$400,000. as follows: July 12, \$90,000; July 14, \$75,000; July 19, \$40,000. The entries were in the handwriting of Theodore F. Baldwin. There was submitted to Commissioner Whitehead an account current received from the Mechanics' Bank of New-York, showing the account of the two banks during the period named. There was no entry of any of these items. The arrest of Theodore Baldwin caused no great surprise in Newark, where it is well understood that he has operated in stocks frequently. Over a year ago he put considerable capital, said to be \$17,000, in the put considerable capital, said to be \$17,000, in the put considerable capital, said to be \$17,000, in the put considerable capital, said to be \$17,000, in the put considerable capital, said to be \$17,000, in the put of the put of the put of the said of the put of the put of the put of the put of the pu -A SUIT AGAINST THE DIRECTORS.

The brother also said that he thought the relations between Mrs. Smith and his sister were not altogether friendly, but he could give no reason for believing this. The Coroner wrote a letter to Coroner Keller, of Brooklyn, requesting him to give the desired assistance.

THE GIANT POWDER EXPLOSION.

THE GIANT POWDER EXPLOSION.

About a dozen glaziers applied to Contractor Farley, in East Seventy-third-st., at an early hour yesterday morning for the work of repairing the windows which were broken by the explosion of giant powder the day before. Men were sent to all the houses in Seventy-fourth-st. to repair the windows. The men were at work as usual blasting the rocks, and a great many people gathered in front of work to look at the damage done by the explosion. Foreman Monahan superintended the work in the afternoon, as Potice Justice Murray had discharged him early in the morning through lack of evidence that he had been criminally careless. Mr. Monahan said that he was unable to account for the disaster, as he had often "thawed out" the powder in the same way before without doing any damage. He denied that dynamite was used in blasting, as was stated yesterday in some newspapers. The properties of dynamite are such that it can only be exploded by percussion and not by heating. All the injured persons are recovering except Mrs. Margaret Toner, of No. 228 East Seventy-fourth-st., who is still in a critical condition.

LOTTERY DEALERS ARRAIGNED.

At the Tombs Police Court yesterday the following lottery dealers were arraigned by Sergeant Meakins of Juspecter Marray's staff, and were required to furnish bail each in \$1,000 for violating the Lottery law: John Hooges, No. 5 Spring-st.; Alired Ranson, No. 156 Chatham-st.; William Barker, No. 24 Annst., andWilliam A. Harris, No. 15 New Chamber-st. John E. Simmons and George Upington, of the Kentucky State Lottery, whose offices are at No. 599 Broadway, appeared before Justice Murray, in the Yorkville Police Court, yesterday afternoon, to answer a charge of violating the Lottery law preferred by William H. Morton, of Mount Vernon, and Cartis P.Turner, of No. 138 East Fifth-st. Mr. Turner testified that he bought of Mr. Simmons, at No. 599 Broadway, on November 18, three policy slips. Mr. Morton stated that Mr. Upington told him a short time ago that the Police Board was fixed, and if the small dealers did not return their sales books regularly they would be arrested. The accused men were parcled until December 3 for examination.

WRECKED NEAR HER SAILING PORT.

WRECKED NEAR HER SAILING PORT.

The American bark Aberdeen sailed from Perth Ambey, on Saturday last, with a cargo of railroad iron for Port Royal. A few hours after passing Sandy Hook she ran into a north-northwest gale of great severity, and was caused to labor heavily. The cargo between decks shifted to the port side, disabing both pumps and causing the bark to lie almost over on her port side, and to leak badly. The bark drifted helplessly in the sea-way until the following day, and was rapidly sinking when signals of distress attracted the attention of persons on board the ship Don Enrique, from Singapore. The latter vessel lay near for seven and a haif hours, when the sea became more moderate, and the captain and crew (nine in all) of the Aberdeen were taken off and landed at this port yesterday.

The Aberdeen was built at Searsport, Me., in 1856, and was rebuilt in 1876. She was of 322 tons' register, and was owned by S. H. Mills & Co., of this city.

A mail consisting of fifty letters, one registered package, and two newspaper packets, bearing postmarks of South American post offices, was received at the Post Office on Monday, having remained on board the schooner Caleb S. Ridgeway ever since her arrival at this port on September 14 Most of the letters were addressed to important business firms in this country and Europe, which have probably been subjected to much inconvenience by this depay. Postmaster Pearson caused inquiry to be made of the consumes and captain of the schooner, and assertained that the detention occurred through the neglegence of the steward of the vessel, who concealed the mail in the "bunting bag," which was not opened until Monday morning.

firm says that, with slight inconvenience to its business, new nackers can be hired and cigar-makers taught that branch of the trade, and that consequently the strikers will not be employed again in a body. The men say that they are opposed to the principle of introducing women in the business of cigar packing. "If this is done," said one, "it will not be long before the wages will become so much reduced that a man cannot properly support his family."

The coach-drivers who are on strike said yesterday, at their meeting in West Thirty-second-st., that they would starve before returning to work for less than \$14 a week. Many stable-keepers have tried to induce their men to return by offering them \$12 and sometimes \$13 a week, but these offers have been declined.

VERY FOND OF THEIR CHIEF.

The messenger boys in the New-st, office of the Mutual District Telegraph Company are very fond of their manager, Henry E. Wallace, and when they learned that an order had been made for his transfer to an up-town office their expressions of condemnation of the action were so decided that trouble was feared by the officers of the company. The transfer was insisted upon, however, and the boys struck in a body yesterday. Detachments of messengers from other offices of the company were detailed to fill the strikers places. These were miterfered with by the strikers. Before the police made any arrests, one of the substituted messenger boys had one of his ears hearly bitten off by a leader of the striking boys. The police arrested four boys, Thomas Gray, Henry Shiner, George Moran and Edward Ha-sart. They were taken to the Tombs Police Court and were charged with disorderly conduct. Justice Kilbreth sentenced three of them to ten days' imprisonment each and discharged the fourth. Later in the day Mr. Wailace wasrestored to the office and nearly all the boys refurned to work. THE JERSEY CITY ALDERMEN. THE JERSEY CITY ALDERMEN.

The members of the Jersey City Board of Aldermen assembled at the City Ball last evening and prior to the meeting indignantly discussed the charge made made before Police Justice Peloubet Monday by Barker Guumere, jr., counsel for the New-Jersey Mutual Telegraph Company, that the members of the Board had refused to grant the company a permit to run its lines through the city without being paid. They were manumous in asserting that the charge was a libel on the Board and ought to be resented. After the meeting was called to order Alderman Puster referred to the accusation and said it ought either to be proved or withdrawn. Alderman Ringle suggested that an investigation should be made, and Alderman Datz offered a resolution, which was adopted, providing for the appointment of an investigating committee, with power to send fer rersons and apers, and also that the because fee paid by the communities.

THE EDISON LIGHT IN THE POST OFFICE. Mr. Edison experimented with his electric

light is the incandescent horse-shoe carbon light inclosed in an air-tight globe. The effect of the light was pleasing. "It is a beautiful, soft, mellow light," said Superintendent Waring, "but there is not enough of it." The softness and mellowness of the light were also commended by the employes. Mr. Edison will have the power of each light doubled and will, if possible, test the qualities of the light again this evening.
